

# NE Technology List

## Needs, Rationale, & Equipment

Need	Rationale	Equipment
Maintenance	Current equipment must be repaired and/or upgraded for it to be maintained in working order	Maintenance Agreement Parts and Supplies Repair Personnel
Projection Stations	Additional projection stations are needed for classroom/lab use. These stations can be used for computer demonstrations, video presentations, and United Streaming downloads.	Projector Laptop Speakers DVD/VCR Combos Carts
Computer Labs	<ul style="list-style-type: none"> <li>• Current Lab needs to be replaced</li> <li>• Projector Needs to be mounted in the computer Lab</li> </ul>	Computers Projector Mounting Hardware Screen
Classroom/Teacher Computers	Additional computers in classrooms are needed for mini-labs. Teacher's computers need to be replaced on a rotation.	Computers
Printing	Color and Black printing need to be provided in a cost effective way.	Color Lasers Drop Boxes Link to Copy Machines Printer Monitoring Software
Software	<ul style="list-style-type: none"> <li>• Microsoft Office needs to be installed on all computers</li> <li>• Norton's AntiVirus needs to be installed and updated on all new computers.</li> <li>• Internet Plug Ins need to be updated</li> <li>• Software is needed to match ongoing curricular needs.</li> </ul>	Norton's AntiVirus Type to Learn Math Trek 1,2,3 Internet Plug Ins
Multimedia	Additional equipment will be needed for use in multimedia productions.	Digital Cameras/CamCorders Burnable CD/DVD Drives DVD Players Smart Board Technology
Networking	<ul style="list-style-type: none"> <li>• Network needs to be tracked for speed.</li> </ul>	Monitoring Software
Automated Card Catalog/Circulation System	The 21 <sup>st</sup> century will require that students become effective in finding and researching information. The computerized media center will become central to this process.	Circulation Computers & Software
Voice Mail	Communications would be better enhanced with a voice mail system added to the new phone system	Voice Mail Upgrade
Computer Replacement	Develop a rotation for replacement computers	New Computers Hardware Inventory Software

## West Technology List

### Needs, Rationale, & Equipment

Need	Rationale	Equipment
Maintenance	Current equipment must be repaired and/or upgraded for it to be maintained in working order	Maintenance Agreement Parts and Supplies Repair Personnel
<b>Projection Stations</b>	Additional Multimedia stations are needed for classroom/lab use. These stations can be used for computer demonstrations, video presentations, and United Streaming downloads.  As TV's break, additional projection devices will be needed.	Projector Laptop Speakers DVD/VCR Combos Carts
Computer Labs	<ul style="list-style-type: none"> <li>• <b>Projector needs to be mounted in both computer Labs</b></li> </ul>	<b>2 Projectors</b> <b>Mounting Hardware</b> <b>Screens</b>
Classroom/Teacher Computers	Additional computers in classrooms are needed for mini-labs. Teacher's computers need to be replaced on a rotation.	Computers
Printing	Color and Black printing need to be provided in a cost effective way.	Color Lasers Drop Boxes Link to Copy Machines Printer Monitoring Software
Software	<ul style="list-style-type: none"> <li>• Microsoft Office needs to be installed on all computers</li> <li>• Norton's AntiVirus needs to be installed and updated on all new computers.</li> <li>• Internet Plug Ins need to be updated</li> <li>• Software is needed to match ongoing curricular needs.</li> </ul>	Norton's AntiVirus <b>Math Trek 4,5,6</b> Internet Plug Ins
Multimedia/TV	Additional equipment will be needed for use in multimedia productions.	<b>Digital Cameras/CamCorders</b> Burnable CD/DVD Drives DVD Players <b>Repair Building Wide Video System</b> Smart Board Technology
Networking	<ul style="list-style-type: none"> <li>• <b>File Server will need to be replaced</b></li> <li>• Network needs to be tracked for speed.</li> <li>• Tape Backups replaced on new server</li> </ul>	<b>File Server</b> Monitoring Software
Voice Mail	Communications would be better enhanced with a voice mail system added to the new phone system	Voice Mail Upgrade
Computer Replacement	Develop a rotation for replacement computers	New Computers Hardware Inventory Software
