Re: Sh [REDACTED]

We would appreciate your support with this issue and encourage you to discuss ways to improve this issue with your child. The school recognizes that tardies may be justified at times due to circumstances beyond your child's control. However, the number of tardies identified on the enclosed tardy report represents a higher than average number.

Continued tardiness will result in consequences which may include lunch detentions, being assigned to ASAP (after school academic program), and in-school suspension.

Sincerely,

Rick Kentfield  
Principal
