

How to Save a YouTube Video

Zamzar is a FREE site which converts YouTube videos so that you can save them. You can sign up and pay for other services BUT YOU DON'T HAVE TO DO THIS to use the video conversion and download service.

1. Open two internet windows at same time.

- Go to YouTube and find the video you want. Highlight the URL (That's the address at the top of the screen) and copy.

- Go to Zamzar.com on the other window.

2. Click on the Download Videos tab.

Convert Files	Download Videos	Manage Files	
Step 1 Select files or URL to convert (up to 100MB - want more ?): <input type="text" value="http://"/> e.g. http://youtube.com/?v=I1m0Q4J3RfQ8 (click here for more info)	Step 2 Choose the format to convert to: <input type="text" value="avi"/> Choose avi	Step 3 Enter your email address to receive converted file: <input type="text"/>	Step 4 Convert (by clicking you agree to our Terms) <input type="button" value="Convert"/> Click on CONVERT

Copy and paste the URL of the Youtube video you want here

Type in your email address here

3. Fill in the blanks.

Examples for Step 2:

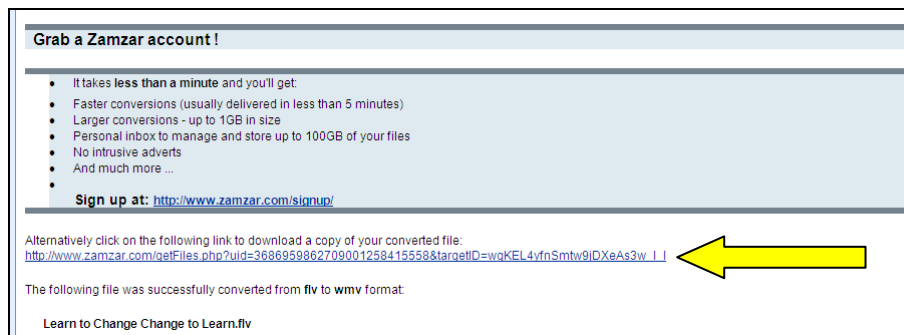

- avi and wmv will play in Windows Media Player, Windows Movie Maker, PowerPoint.
- flv will play on Flash.
- mov will play on Quicktime.

4. Click on convert.

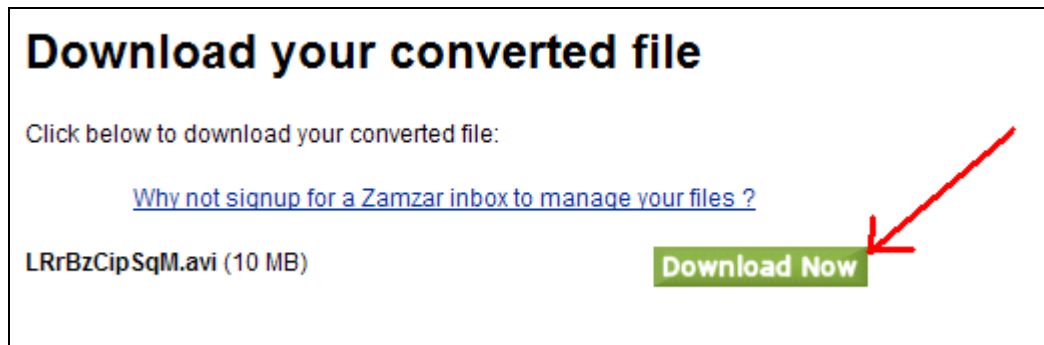

A popup box will tell you that you are converting a file. Say OK.

5. You will receive an email (can take awhile ... 15-20 minimum-depending on length of video) telling you the video is available.

6. Open the email. Below the link to "Grab a Zamzar account!", there will be a link to download a copy of your converted Zamzar file.

7. Click on the link. It will send you back to a Zamzar webpage with the following DOWNLOAD message.

8. Click on Download now and choose SAVE. Name your video and place to save it and you're done!

**YOU HAVE 24 Hours from when you get the email to go and download the file.
After that it will be erased!**
